# 1.

## What is R-Ladies?

Founded by statistician Gabriele de Queiroz in San Francisco, Oct 2012 , R-Ladies aims to increase of the participation of women in the R community by encouraging women to join the coding community, develop R packages and to increase the attendance and visibility of women as speakers at R conferences and meetings

Shiny app by Gabriela de Queiroz (11.07.19)  
<https://gqueiroz.shinyapps.io/rshinylady/>

## 2. Code Of Conduct

- Public events are *always* for free
- The conceptual domain / scope is R-specific
- Be aware and acknowledge *other*'s contribution
- Use neutral language
- Constructive, supportive and *gender-inclusive* environment to share, learn and network
- Organizational & mentoring roles are exclusively reserved for women

### 3. Open Mic

Do you have news that you wanna share? You have a R-related problem and need some input? You're looking for an expert in x or y? Did you just discover a great package and wanna spread the news?

Let us know that you would like to get on stage prior the next meet-up. No slides required, only you and a mic.

Drop a line or talk to us: [berlin@rladies.org](mailto:berlin@rladies.org)

## 4. Rethinking Code

Sometimes when we are pressed for time (or lazy) our code does not turn out the best it could be. “**Rethinking code**” is a new segment where we would like to invite you to polish snippets of code together.

If you have code that you would like to come back to and discuss  
Drop a line or talk to us: [berlin@rladies.org](mailto:berlin@rladies.org)

**5.**

## **Join us online at the slack Rstats-germany**

Join our online community for additional networking, support and get in touch. Send an email to [berlin@rladies.org](mailto:berlin@rladies.org); we'll send you an invitation.

## Tidy Tuesday

Tuesday, **24th September 2019**

WeWork, Eichhornstraße 3 · Berlin

# Hello!

## Amit Kothiyal and Evgeny Savin

*Data Scientists, Smava GmbH, Berlin*

**Amit** holds a PhD from Erasmus University Rotterdam and has worked as a Research Scientist in Max Plank Institute Berlin before joining Smava.

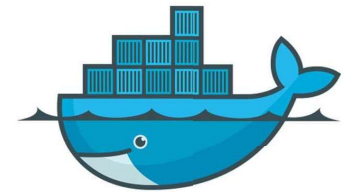

**Evgeny** has an MsC degree from HU University Berlin and has worked as a data scientist in a number of commercial organisations in Berlin.

A purple right-angled triangle in the bottom right corner.

9.

## Hands on: Docker containers

- Containerization and its importance when using machine learning models on production.
- Creation of a Docker container

*you*

We're Lisa, Chrissy, Lena, Hanna and Noa

In March 2017 we got together to form the Berlin chapter of R-Ladies. You can follow our activity (and help us spread the word) on   [@RLadiesBerlin](https://www.facebook.com/RLadiesBerlin) and sign up for upcoming events on  [rladies-berlin](https://www.meetup.com/rladies-berlin). Or just write us an e-mail [berlin@rladies.org](mailto:berlin@rladies.org).
