Welcome!

you

We're Chrissy, Hanna, Noa, Lena, and Lisa

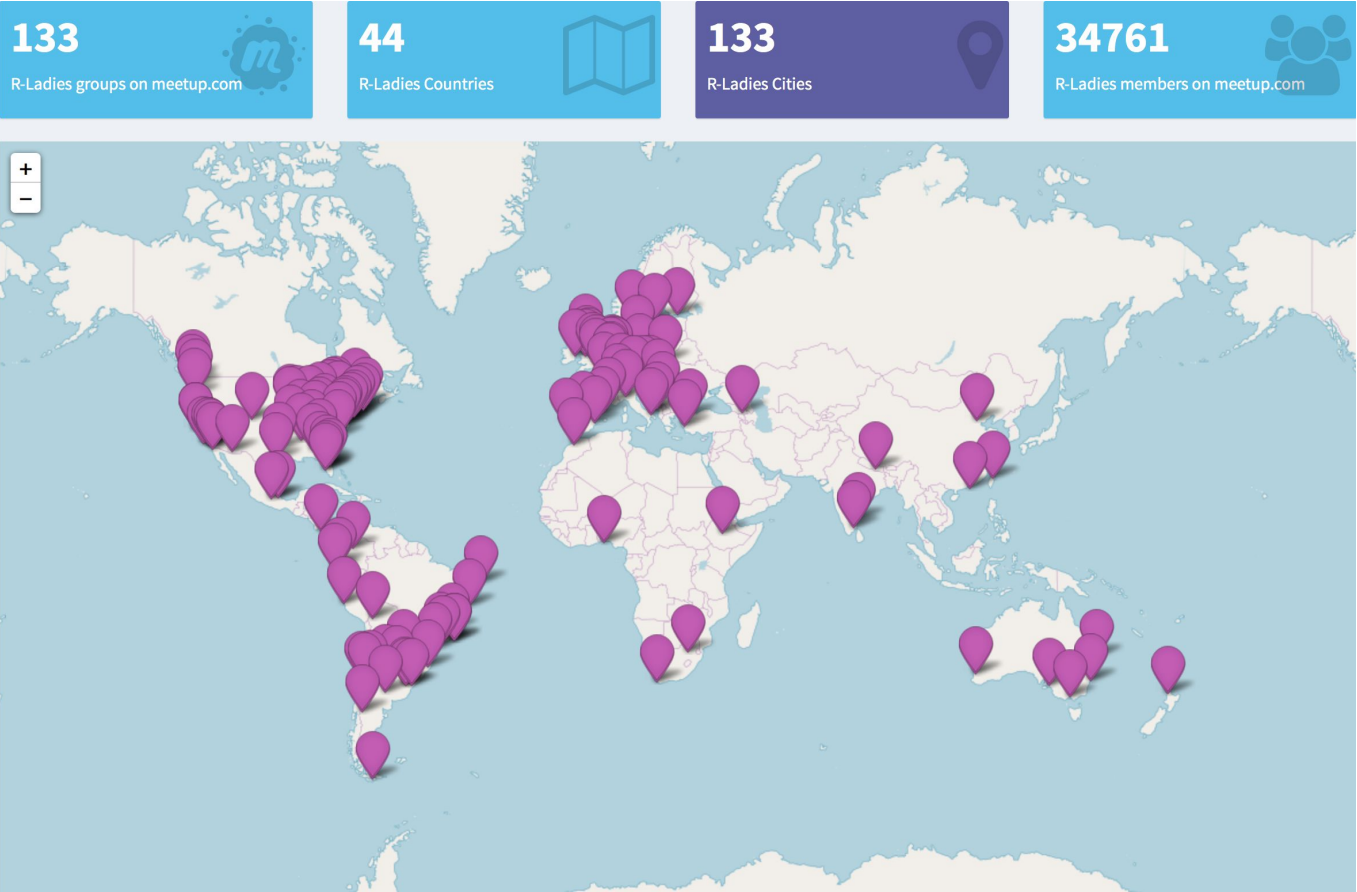

In March 2017 we got together to form the Berlin chapter of R-Ladies. You can follow our activity (and help us spread the word) on   [@RLadiesBerlin](https://www.facebook.com/RLadiesBerlin) and sign up for upcoming events on  [rladies-berlin](https://www.meetup.com/rladies-berlin).

1.

What is R-Ladies?

Founded by statistician Gabriele de Queiroz in San Francisco, Oct 2012, R-Ladies aims to increase of the participation of women in the R community by encouraging women to join the coding community, develop R packages and to increase the attendance and visibility of women as speakers at R conferences and meetings

2. Code Of Conduct

- Public events are *always* for free
- The conceptual domain / scope is **R**-specific
- Be aware and acknowledge *other*'s contribution
- Use neutral language
- Constructive, supportive and *gender-inclusive* environment to share, learn and network
- Organizational & mentoring roles are exclusively reserved for women

3.

Open Mic

Do you have news that you wanna share? You have a R-related problem and need some input? You're looking for an expert in x or y? Did you just discover a great package and wanna spread the news?

Let us know that you would like to get on stage prior the next meet-up. No slides required, only you and a mic.

Drop a line: berlin@rladies.org

4.

Join us online at the slack Rstats-germany

Join our online community for additional networking, support and get in touch. Send an email to berlin@rladies.org; we'll send you an invitation.

In preparation - Online casting of meetup sessions and tutorials -
German-wide network for R users and learners!

5.

Save the date - our next session

will be a hands-on session on **Shiny dashboards** on January 2019 at Lana Labs.

Stay tuned!

6.

satRday Berlin 2019

A one day conference packed with R goodness

Low cost & not for profit means the ticket price is only €70

Do you have time to help organize or volunteer during the conference? Email us at:

satrday.berlin@gmail.com

7. Pre-Christmas gifts

Free copies sponsored by author
Thomas Rahlf

8.

Hands-on training - R packages

How to create a package and fill it with functions, document them properly and make sure that your package works correctly... and, of course, how you can share your package with others.

Hello!

This is Mira

Mira works as a Data Scientist at INWT Statistics, a data science consultancy based in Berlin-Schöneberg. Her work focuses on predictive analytics, data quality, automated reporting and best practices in coding. She's also the coordinator of INWT's data science trainings. Mira holds masters' degrees in statistics and psychology.
